Dear Parents / Guardians,

Fun at the Fair

In January 2018, we will begin our new topic 'Fun at the Fair'. During this topic, the children will be designing and making their very own electrically powered fun fair rides.

For this, we request that every child provides the following:

1. 1 x shoe box with lid

(This will form the base of their fun fair ride and is a vital part of the construction)

- Please wrap the shoe box and the lid **separately** in paper.
- The colour choice and style of the paper is up to your child but it will have to link to a theme of their choice. For example, a zebra print wrapping paper for a jungle theme ride or black paper for a space theme ride. Birthday wrapping would not be suitable.
- It is important that the lid can come off so that the mechanics can be fitted inside the box so please do not wrap the entire box up!

2. 1 x circular plastic tub lid from a tub of sweets/biscuits

(This will be used for the rotating top of the ride)

- If you can, you might like to cut a circle out of your plain paper to cover the top of the plastic tub lid.

We only need the lid!

Please see some previous designs below for inspiration:

Shoobox wrapped in blue for water theme.

Lid and matching shoobox for 'Inferno' theme.

The box lid and base have been wrapped separately.

The lid and box match to create a theme.

Although these will not be required until January, we wanted to give you as much notice as possible to save shoe boxes and lids - spares are always welcome! Please do not bring these in until we send a message requesting them as we do not have space to store them at this time.

If you are able to help us with the construction of the fair rides, we would be very grateful if you could complete the form on the below link:

Thank you so much.
