Friday 16th March 2018

Dear Parent/Guardian,

Year 5 Bikeability, 14th – 17th May 2018

Please find attached documentation from The Mountbatten School Sports Partnership regarding the forthcoming provision of cycling proficiency for our Year 5 pupils. Please read this information carefully and complete the consent form accordingly if you wish your child to participate. Please hand all completed forms in by **Friday 23rd March**.

Bikeability training will be delivered over a one week period from Monday to Thursday (Friday will be a reserve day). Therefore, you may wish for your child's bike to remain at school for that week. They can be left in our cycle store but this will be at your own risk and we cannot accept any responsibility in case of damage, theft or loss. It is advisable to provide a combination lock for the bike if it is to be stored at school. Please note: only your child's bike can be secured using the lock provided.

On Monday 14th May, children will need to wheel their bikes through the playground towards the area at the back of the Upper Junior classrooms (Hawkhill) where they will be stored.

Please ensure your child brings in a named cycle helmet as they will not be able to take part without one.

Many thanks,

The Upper Junior Team

National College for
Teaching & Leadership

Level 1 and 2 Bikeability Training

Bikeability training date:
14th – 17th May 2018

Dear Parent / Guardian,

We would like to offer your child the opportunity to take part in the national cycling scheme Bikeability. This is delivered by Level 2 qualified instructors in which all students receive a total of 8 hours instruction on the playground and on roads around their local area.

The first session is conducted on the playground, followed by on road cycling using quiet residential streets surrounding the school for the rest of the week. The main aim of the course being that the children will be able to make a short journey in a safer manner and be more aware of road safety issues.

If your child is not able to ride a bike then they can participate with the group on the first day on the playground, although unfortunately our instructors are not able to support them on the on the road for the rest of the week. Please contact the school to discuss what provision might be available for them during this time.

Each child will need a fully operational bike with two working brakes and a cycle helmet. If they **do not have access** to a helmet or bike please let your school know and we will endeavour to make the necessary provisions. The first session will include a full bike check and we will inform parents of any adjustments we feel may be necessary for the safety of your child. Hi-Vis jackets will be provided to all children during the training.

At the end of the training the children will be given a certificate confirming they have completed the course and will highlight their current cycling level.

I would be grateful if you could complete the attached permission slip and return to your school by **Friday 23rd March** in order that we can ensure every child is provided for.

Should you have any questions please do not hesitate to contact me via your school.

Yours Sincerely

G. Vincent
