

FOUNDATION FLYER

Monday 18th June to Friday 6th July

Topic – Up, Up and Away

For the next three sunny weeks the children will be covering one of our most exciting topics, Up, Up and Away. This is a topic that all the adults enjoy and we are all looking forward to getting stuck in.

Balloons: We will be sharing the story of 'The Blue Balloon' and finding out where Kipper goes on his trip. We will then write our own adventure stories about where the blue balloon could take us.

Kites: We will learn about kites, designing and making them before going to the field and testing them out. Let's hope we have a windy day so that they fly well!

Space and Aliens: This week will be themed around the book ' Aliens love underpants'. We will be learning all about rockets and space travel, as well as designing our own aliens.

Throughout this topic the children will have access to our fantastic role-play area which will be themed as a plane. This will give them the opportunity to role play the passengers, pilots and flight crew. We are looking forward to seeing which destinations they reach on their travels.

SPORTS DAY – 16th July 2018

The children are currently practising for sports day (1.45pm) and are looking forward to competing in their teams on the day. Please can you ensure that your child has a water bottle in school each day to take out to sports day practise.

Junk Model Rockets

Please send in any recycling you have at home which could be used to make rockets. Items such as large plastic bottles, Pringles tubes and kitchen roll tubes are perfect.

Thank you for your support.

Helping at Home

Topic/Literacy

As part of this exciting topic we would like your children to write about where they would go on an adventure in a hot air balloon. They can draw a picture of their travels and then write underneath, or the more adventurous might like to make a small book.

Understanding the World

Please help your children to learn about Space, the Solar System and Space travel. There are lots of excellent resources on the internet to help them learn about space

<http://www.bbc.co.uk/cbeebies/topics/space>

Writing

Please continue to help your children to be ready for Year 1 by learning to write and spell the days of the week.
