

WW1 Centenary Poppy Project

Dear Parents / Carers,

Thank you so much for all the plastic poppies which have been made at home and brought into school. They are amazing! If you were unable to make a plastic poppy over the Summer holidays, it is not too late. We would love it, if all children could make a plastic poppy and bring it in to school by **Monday 1st October**. Please see details below.

2018 marks 100 years since the end of the First World War. We would like to commemorate this occasion by undertaking a recycled plastics art project whereby parents/carers will help their child/children to create a poppy sculpture by re-using a plastic bottle.

Our vision is to create a poppy display for our school- see below:

<http://www.itv.com/news/anglia/update/2014-10-18/pupils-poppy-memorial/>

Over the Summer holidays, we would like you to work with your child to create the basic poppy shape. **Please do not paint as we would like the children to do this at school.**

Once you have finished the basic poppy shape, please put your **child's initials on the back using small lettering in permanent marker pen** and bring back to school in the first week back.

Enjoy being creative with your child/children and don't miss out on the opportunity to discuss what the poppy symbolises and the importance of reducing, recycling and re-using plastics.

Many thanks,

The ECO Warrior Team
