

FOUNDATION FLYER

Friday 25th September 2020

Talking Topic

For the next two weeks our topic will be 'Pirates'. In this topic we will be learning all about pirates, maps and treasure. We will learn to orally retell a pirate story as well as read Johnny Duddle's *The Pirate Cruncher* together. Having a Pirate Parade is sure to be a highlight and we look forward to seeing how well our pirate crew can walk the plank!

We will be practising oral discrimination and rhyming in our daily phonics sessions and our Maths work will include comparing amounts, patterns and developing a deep understanding of the numbers 1, 2 and 3.

Pirate Events

On **Tuesday 29th September**, all children are invited to come to school dressed as pirates! They will remain in their costumes all day.

Please send your child in with an egg box by **Friday 2nd October**

Helping at Home

- Encourage your child to look at maps and globes at home, discussing the different countries and oceans. Ask them to identify geographical features on their way to school. They could even have a go at drawing a map/chart of their route to school.
- Encourage them to make coin rubbings and begin counting the number of coins in a group.
