

Explorers Nursery Note

Monday 30th April 2018

Our Learning Adventures

The next topic we will be exploring in HEN is "Under The Sea". In this topic the children will be offered a range of learning experiences such as making jellyfish, crabs and turtles. Using their new or existing knowledge of "Under The Sea" they will be sorting a range of animals by where they live and learning an "Under The Sea" dance. By making 'pasta tube seaweed' the children will be able to develop their threading skills and the shell sorting activity will provide children with the chance to develop their number recognition skills.

Thank You and Best Wishes

As you are aware, my last working day will be the 11th May before I take maternity leave. I wanted to take this opportunity to **thank you all for your support over the last year**. Although I am really looking forward to welcoming Baby H I will really miss the families and children at School.

I have absolutely loved my time in HEN and I look forward to visiting with our little one in the near future.

I know that all of the children will have a wonderful Summer term with Mrs Gibbons, Miss Horsefield, Mrs Riley, Miss Martin and Miss Bigham.

Diary Dates

Tuesday 1st May - (3:30-6:00) Learning Reviews - Butterfly children ONLY

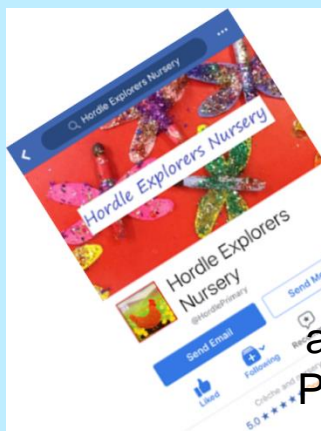

Wednesday 2nd May - (1:00-5:00pm) Learning Reviews - Butterfly children ONLY
