		<p>Consent to use GMAIL (from Year 3 onwards) We provide all KS2 children with a school email address. Pupils will begin to use this in lessons in Year 3. This is safe and filtered. This email address can be used at school and at home, but pupils CANNOT email outside the Hordle Primary School domain. All emails can be monitored by staff.</p> <p>If you do not give permission there are important parts of the Computing curriculum your child will not be able to cover.</p>
		<p>Consent to use the Internet We have internet access on all computers in the school. It is filtered by Hampshire County Council via HPSN, a specialist internet filter. Most unsuitable sites are blocked and children never access the internet without permission.</p> <p>Hampshire County Council provides a filtered internet feed that protects pupils from the viewing of inappropriate content. The service is provided via the Hampshire Public Services Network (HPSN). It uses a combination of methods to categorise sites, therefore providing a highly accurate system. While no system of filtering can be 100% effective, we think these safeguards mean that surfing the internet at school is as safe as we can make it.</p> <p>If you do not give permission there are important parts of the Computing curriculum your child will not be able to cover.</p>
		<p>**New** Consent to watch PG films We like to make use of modern technologies throughout the curriculum and sometimes take the opportunity to use feature films and associated resources for education or enrichment activities. There are occasions when the materials have been classified PG. We therefore ask for your permission to use PG rated films that we deem acceptable for the age and maturity of your child.</p> <p>If you do not give your consent your child may miss some curriculum stimulus for multimedia units, used to inspire writing, and possibly some reward opportunities.</p>

Please ensure the slider bar is checked for your MOBILE number as the primary (main) contact number as we use this to reach you if your child is unwell and it is also used by the text facility.</p>
