LEARNING REVIEWS

“When parents are involved in their children’s education, they do better in school. When parents are involved in school—children go further in school and the schools that they go to are better.”

National Education Association.

Our Learning Review evenings for this term will take place on:

Tuesday 3rd July
2.30pm—5.30pm

Wednesday 11th July
2.30pm—5.30pm

Learning Reviews are a great opportunity for you to look at some of your child’s work and to let them share their learning with you. You will also be able to talk to the class teacher about your child’s learning targets and how you can help your child at home.

Consultations last **ten minutes**. In the unusual event that a consultation is likely to last longer than your allotted 10 minute slot, and in consideration for other parents, your class teacher will offer a further appointment at a later date.

As ever, we would highly recommend that you bring your child with you to these reviews particularly for children in Year 2 and above. It is a very powerful learning experience for children to hear the influential adults in their lives joining together in praise for their achievements and presenting a united front in

supporting them in their next steps for learning.
