

FOUNDATION FLYER

Friday 9th February 2024

Talking Topic

For the first three weeks after half term, our topic is 'Changes' and we will be exploring the transformation from young to adult.

Humans – We will be thinking about how we have changed since we were babies.

Birds – We will learn all about the story of *The Ugly Duckling*. Hopefully, we will have some eggs in an incubator that we can watch hatch in the classroom!

Butterflies – We will learn all about the story of *The Very Hungry Caterpillar* and explore the butterfly's life cycle. The children will have the opportunity to watch caterpillars in a special butterfly garden habitat as they change into chrysalides and then butterflies which we will then release into the wild!

Baby Photographs

As part of our topic on 'Changes' we are going to be looking at babies and how they grow and change. Please could you upload to ILD a photo of your child when they were a baby. The children can then have a go at guessing which photo belongs to which child!

Fun Facts

As we are focusing on changes, we thought it would be fun for your children to find out a fun fact from a grandparent. What do you think has changed the most since you were a child? Again, please share on ILD.

Helping at Home

Following our meeting on Monday, please continue to support your child by reading with them daily, practising high frequency words and numerating your environment! If you have any questions at all, please ask Miss Fletcher-Jones or Mrs Riley.

We wish you all a safe, healthy and relaxing half term break and look forward to seeing the children refreshed and ready to learn on Monday 19th February.
