

FOUNDATION FLYER

Friday 24th May 2024

Talking Topic

Our final topic this year will be **'Splish Splash!'** The children will be exploring environmental stories such as *Sally and the Limpet* and *Somebody Swallowed Stanley*. They will also learn about sun and beach safety and we are looking forward to a coastguard visiting us to teach us about water and coastal safety.

One of the highlights of the final half term will be experiencing going on a 'holiday.' This will involve the children booking a holiday, bringing in luggage and 'flying' to different destinations. We will share more details nearer the time!

Possible days out

We are so fortunate to live in such a wonderful area that includes both forest and coast. To further support our topic, you could:

- Do a beach scavenger hunt or beach clean
- Visit an RNLI station (Lymington or Mudeford are the closest)
- Write and send a postcard from one of our local coastal areas to a friend or family member
- Stroll along a promenade or visit a pier
- Spend some pocket money in a beach gift shop

Helping at Home

Please continue to support your child with their reading and learning their coloured words.

Wherever possible, help your child to demonstrate their understanding of Mathematical ideas by encouraging use of the following key vocabulary: double, more, less, fewer, same, share, part and whole. This is best done through real-life contexts eg comparing towers of blocks, sharing food onto plates, using money.
